

Model United Nations of Goldberg

MUNOG 2020 - Model United Nations of Goldberg 2020 • munog@goldberg-gymnasium.de
Model United Nations of Goldberg • Frankenstraße 15 • 71065 Sindelfingen

Dear MUN-Directors, dear participants and organizers of other MUNs,

As explained in the Secretary General's statement on our MUNOG website, the Corona virus is also challenging for our conference, which was supposed to take place in October. Some of you have already experienced that and had to make the decision to postpone your school's MUN.

Due to our knowledge about the effort, time but also anticipation and joy that goes along with the organization of such a conference, we want to express our compassion to everyone who is part of the secretariat and involved in the organization. We know that being forced to make decisions due to those altered circumstances is very tough. Therefore, the whole Executive Committee wants to wish you luck, strength and that you can achieve a successful conference on the postponed date.

The decision we made for our conference is not, as we also initially considered, to postpone the conference, since that carries too many risks. We cannot foresee the restrictions that might have to be taken by the German government later in the year.

We therefore decided to create an event that we named

M(ost) U(nited) N(ations) O(n the) G(lobe).

This new MUNOG is a virtual Model United Nations with huge changes in the procedure. The structure will be altered, but those changes provide the possibility for us to start planning from now on to ensure the realization of MUNOG 2020 - also for you.

However, it is of utmost importance that we invite you to this project and that we need you and your delegation to work with us. Even though we are forced to take these steps, we are embracing the idea of creating a new concept of living an MUN with you under these peculiar circumstances.

Our idea is to document the project on video clips which we will post on our website / YouTube / social media for everyone to see them. We want to stick to the political topics but open up the possibilities for discussing political and international topics in this time of a pandemic. For the structure, every delegation will be able to choose one topic that they will work on.

Our aims are to maintain the relationships with our partner schools that we've built over the years and to go through this pandemic together. Although we can't see each other in person this year, we want to create this project together that will be remembered for a very long time.

Please let us know what you think of this project and if you could think of joining us in this with a delegation. We are looking forward to having you on board!

With best regards,

The Executive Committee of MUNOG 2020
